Subject : « Contrôle » magazine

Dear Mr. Diaz,

As you know, every two months, the French Nuclear Safety Authority publishes its review named « Contrôle », which includes the presentation of a specific topic related to nuclear safety or radiation protection.

The n° 159 is devoted to nuclear safety harmonisation in Europe.

Since this last issue, all articles are preceded by an english summary.

I am pleased to send you a copy of this magazine.

I also inform you that an English version of the n° 159 is available on our web site :
